National Pest Management Assoc.

*Thomas Silvestrini*  
President Custom Pest Solutions.

### Welcome To Custom Pest Solutions.

CPS is a full service pest control company with 34 years of experience. We offer everything from real estate inspections and emergency services to routine residential and commercial preventative treatments. Our expert pest control services include multi-family dwellings, condos, high rise office buildings and apartments. Our full range residential and commercial pest control services are available to the Tri-county and surrounding areas.

### Certified Technicians

CPS President Thomas Silvestrini studied Urban and Industrial Entomology at the Purdue University School of Sciences. Tom's staff of highly-skilled and experienced technicians are trained to identify and effectively treat hundreds of problem insects, spiders, rodents and other common pests while using leading edge technology and the most stringent safety precautions.
